

still a live. ~~III~~ You ask in your letter
the address of home well dear sister
I think it is still the same Deurnesthaat
n^o 126 Antwerpen also you ask if
you should put Belgium or Germany
really I can't answer that but I
could not you try and find out for
the best where you are dear sister?
at last Dear Sister I must really
say I have got ~~one~~ one of the best
of husbands as he does all he can
for me and especially now he can't
do enough for me. I really don't
know what I should have done
if I had got a bad one so far away
from home and every one we live
ever so happy together. I really
find in him what I have lost in
my dearest still in Belgium
staying parents. but we would live
still more happier if we could have
some news from our dear home.

And the other news that I put in was
that would you write home and
give them news of us both and tell
them we are quite well as we can not
get any news through or them to us
but when you write don't tell them
about my condition as they will
~~worry~~ worry about it and we will
try and let them know when it is
all over and then we can tell them
if it is a girl or a boy.

Well dear sister I am really so worried
not to have any news from home
I am thinking the worst of it so
please if you have received any news
from them let me know as soon as
possible so I can let my mind rest
a bit. Oh ever so many times I have
wished we ~~were~~ were all together
again and this awful war was
over I will give all I had in the
world to get back again and to
find mother, and father and brother

III

I think this is all for this time
hoping you will received it safe.

With love and kisses
from my Husband and me
Yef and Wist

P. S. Write back as soon as you
receive this to let me have
news from the children
Yef and your self

that it leaves us both quite well.
I am really writing this to see if
you have received the letter from me
