

Monsieur +

selon les

aduis que nous avons eu du camp de S.A.R. ce fut mercredy que la ville de Luremonde se rendit. on y a trouué tant de munitions de guerre et de bouche, qu'elles sont plus que suffisantes pour attaquer Maestricht; on croit que les grandes provisions estoient destinées à son amitaillerement, outre le siège des gueldres. Il faut espérer que S.A. fera ouvre quelque bon exploit, car il n'a pas perdus 20 hommes à la prise de ces deux places, que nos ennemis avoient fortifiées à grands frais. Les armes tiennent que S.A. viendra avec ses principales forces chasser le François, afin de l'empêcher d'hiverner chez nous.

Mon frere est toujours au service du Prince Thomas, que nous espérons bientôt revoir en bref, pour le remettre de sa grande maladie.

Je suis content que so frere n'yeu de laines à Anvers. il faut avoir patience, et attendre la fin de la guerre. Le petit ouvrage de tant sera de très grande débite, on la forme, magas, et parier que fut Monsieur nocturne. Ayant maternol a imprimé la bille, in 24°. Vous auriez de l'honneur et du profit de cet ouvrage. Je suis

1911. 10. 11. 10 AM A part of my world tour and India  
it had included some cities of Southern & Central India  
including Madras, Bangalore, Mysore, etc. In addition  
to the above we also took a number of excursions  
to see the local monuments, temples, fortresses,  
etc. We also took a number of photographs  
of the country and its people.  
The trip was very interesting and  
we had a good time.
