

OT often do you have an opportunity such as this—to reach nearby ports on a gigantic world-cruiser. Not often is it possible to secure such superb accomodations, to enjoy such sumptuous luxuries as you will find aboard this fine liner—and at rates so modest. The Belgenland, famous in every sea-coast city on the globe, is at your disposal.

A triumph of ship selection....making travel life as sparkling and spontaneous as enjoyed in the most sumptuous of New York or London clubs....the same rich splendors of a globetrotter's setting, keyed to the rhythm of carnival vacation spirit....the same fastidious appointments and facilities.... the same capable and enthusiastic service staff....a chef whose romance for cookery has tickled the jaded palates of the

world's sophisticated travelers . . . . all the amenities of smiling cruise perfection . . . . beautiful . . . . convenient . . . lovely things . . . . as complete . . . . painstaking . . . . alluring . . . . as if you were actually bound for the seven seas.

Of the many delightful recreation spots on board the Belgenland, none carries a greater thrill than Lido Beach....6,000 square feet of white, sparkling sea sand, surrounding two spacious outdoor swimming pools.... An animated scene when intriguing bathing costumes splash the crystal pools, vying with the colorful sports clothes of a vivacious gallery.... And for oases in this sandy desert, the verandah cafe with its appetizing, dainty refreshments and sprightly conversation.... and the adjoining American bar with its cool and bubbly subjects.
